

## Design For All @ eInclusion: A Workshop To Showcase Best Practice In Education And Training

Tuesday 1<sup>st</sup> September 2009 at 14.00- 17.50

We invite you to take part in this special workshop to celebrate best practice in educating students and professionals in ICT about the principles and practices of Design for All.

The aim of this workshop is to explore:

- How best practice in knowledge about Design for All can be shared *with*
- Future ICT designers and developers *in order to create*
- Best practice in the design of inclusive ICT products and services

### Format of the workshop

- Two papers on educational practice:
  - Universal Design in Third Level Design Teaching in Ireland. M. Callanan, A. M. Fennell, G. M. Craddock, J. E. Hubbard, H. Owens, M. R. Dyer.
  - Design For All @ eInclusion: Best Practice In Education And Training. S.Keith, G. Whitney, J. Wilson
- Examples: MSc Digital Inclusion ([www.mdx.ac.uk/digitalinclusion](http://www.mdx.ac.uk/digitalinclusion))
- Discussion: How to create an action plan to promote teaching of Design for All in ICT in programmes throughout Europe...and beyond?
- One best thing! What does the ICT design student most need to know about inclusion and engaging with users

### Who should attend?

- Researchers, academics, educators
- Industrialists, eGovernment, eHealth
- User representatives

You are welcome to bring and share examples of best practice in education and training of ICT designers and developers. Volunteers will be invited to record their answers to 'One best thing' on video.
